The screenshot displays a database management tool interface. At the top, there are tabs for 'insurance', 'catalog', 'parts', and 'suppliers'. The 'parts' tab is active. Below the tabs, a SQL query is entered in a text area: `SELECT * FROM supplier.parts;`. To the right of the query area, there is a 'Limit to 1000 rows' dropdown and several icons for query execution and management.

Below the query area, there is a 'Result Grid' section. It contains a table with the following data:
